

COMMUNITY GROUP LEADERSHIP APPLICATION

COMMUNITY GROUPS

Thank you for your interest in being a community group leader!

Community Groups are environments of connection and discipleship. First, these groups help a large church feel small. They are places where people can authentically connect their lives to each other. In this way, people become like a family as they walk through all of life with one another, providing love, care, encouragement, and accountability for one another. Second, these groups exist for discipleship. In this way, people help one another take their next step in following Jesus, as they pray, study, serve, eat, and laugh together. Through it all, these groups are foundational for our unified commitment to knowing Jesus, growing in Him, and serving Him together.

Based on the importance of our Community Groups for the health of this church and its people, we proceed with intentionality when enlisting, training, and caring for leaders. Please read through the information below to understand the role of a leader, qualifications, and expectations. If, after prayerful consideration, you are interested in leading a Community Group, please complete this application. Once we receive your application, we will contact you for an interview. Send all completed applications to Mike Holwerda.
